ISABELLA QUARTERS

It has been a long time since these coins were struck, in fact they were issued in 1893. The time has arrived for the collectors to take a little more interest in these very interesting coins than they have in the past, for the very good reason that the floating supply is now almost extinct, and the price will shortly advance. There were only about the same number of these pieces issued as the Panama Pacific Half Dollar which is now selling around \$8.50; we are offering these Isabella Quarters at \$1.00 NOW, but on and after April 1st next, the price will be advanced by us to \$1.50.

53 VOLUMES (From 1866 to 1919)

It is not often that you are offered a complete set of the Journal of A. N. S. This Society is located in New York and has the only and largest collection of coins of any Public Institution in the U. S. devoted exclusively to coins.

We are not offering a set of Books similar to the "Numismatist", but each volume gives information on coins from all over the world. There is not a publication of recent date published in this country which has not in some way used some of these volumes. Every volume cost more to print than our asking price, when we say that every Museum, Library and Collector should have a set we are not exaggerating. After the complete volumes are sold we do not know what you will have to pay, but you can rest assured it will cost double the price. Let me ask a question, When have you ever seen a complete set offered by any Dealer, Private or Public Auction?

Price of complete set is \$150.00 for 53 Volumes, from 1866 to 1919. Our last word, BUY A SET.

COIN WEEK

We have heard and know a great many where exhibits were held, we have written to quite a few about a Coin Club. Were any organized? Kindly let us know.

COIN CABINET

The Flierl Collection has a Coin Cabinet, Height 31" width 21" and depth 14", inside dimension of each draw is as follows width 15" X 9" and depth $\frac{1}{2}$ ". There are 13 Drawers, plain wood, oak finished. - Price is \$50.00, for quick sale.

We have been fortunate in obtaining a quantity of Hudson and Fulton Dollars (private issue) in Silver (size of Gold Dollar). At the time of issue not more than 100 of these coins were struck. - Price \$1.00 per piece; \$2.00 the set.

We also have these in copper @ \$1.00 the set. Not over 250 were struck.

We have just purchased a collection of patterns ranging in price from \$2.00 and up.

NEW ISSUE

Guatemala 1925 Set of: - 1 Quetzal, $\frac{1}{2}$ Quetzal, $\frac{1}{4}$ Quetzal, 5 Pesos 1923 and 1 Peso 1923. - Price \$5.50.

Coins of Spain - by ALOIS REISS. 3 Volumes, substantially bound. Twenty-three of the 253 plates missing, otherwise intact. The most valuable reference on the subject.

We have paid over \$100.00 at auction. For a complete copy - Price \$15.00, for quick sale.

Dear Sir:

Replying to your letter of February 3rd, it would be very difficult to describe the condition of the Willow Tree Three Pence. For that reason we are sending it to you for your inspection. The price of the coin is \$2250; you will note from the February Issue of "The Numismatist" this piece cost us £305 plus other charges.

It would be useless for us to go into the rarity of this coin as you probably know more about it than we do.

PRIZES

We just want to remind you of the contest we are holding for the best articles submitted for reproduction in our Coin Collecting Booklet. We are trying to obtain material which will be both interesting and instructive. For full details see our last Coin Bulletin.

AMERICAN JOURNAL OF NUMISMATICS

"SET" Recently in "The Numismatist" we read a very interesting article on books; to the effect that the collector should spend twice as much for his coin books as he does for coins. The writer heartily agrees with this statement. A numismatic library is indispensable to a coin collector. We have been able to secure a complete set of the American Journal of Numismatics, unbound published by the American Numismatic Society. These Journals contain information on practically all the coins of the world and we know of no other publication that can in any way compare with these volumes. These works are no longer published by the Society and after this set has been sold there is no doubt in the writers mind the set will be worth two or three times its present value in years to come. BINDERS IN WHICH THESE BULLETINS MAY BE FILED \$1.25

LETTER RECENTLY RECEIVED BY US FROM ONE OF THE NEWSPAPERS

I am sending you a description of a coin, which was brought to our offices during the recent epidemic of "coinitis", which has been very severe this winter.

I think I must have handled about \$500 in denominations from one half cent to \$50 during the past few weeks for an excited mob that thought grandfather had left them a fortune when he died without having spent an 1838 penny. It seems sometimes as though there must be more "old" money in the world than new.

Several coins have been impossible for me to identify, among them a large silver coin somewhat larger than a silver dollar with the bust of a man on the obverse and the lettering: Max Emanuel D.G.V.B. & P.S.D.C. P.R.S.R.I.A.D. & E.L.L.*.

On the reverse is a picture of the Virgin Mary (?) holding the Christ Child, who in turn has the world on His lap. The date 1695 and the words, "Clypeus omnibus in te sperantibus" surround the picture.

If you can give me some information concerning this coin, I will appreciate it. I have another copper coin, which greatly resembles a pine tree shilling except that on the reverse it has X's instead of the common XII of Massachusetts.

In spite of the excessive trouble, the attack of "coinitis" has caused a busy society editor, there have been a few interesting spots as for instance the discovery of what is thought to be the only \$50 bill in existence of the series issued by the Government in 1778 and then declared worthless. The money was issued in payment of the services of the soldiers in the Revolutionary War. At last reports the Government did not have one of these bills in its collection.

Thanking you in advance for any information you can give me about these coins, I am

Yours very truly,
SOCIETY EDITOR & "COIN LADY"

We do not want you to think we are so large that we do not take care of the small buyer, but one and all are treated alike. The expense on the small items is so large that we do not accept orders for less than a dollar.

A great many are receiving this "Coin Bulletin" who enjoy its privileges without giving any return. Don't you think you should send us an order once in a while?

Oh! we have a lot of Old Small Austrian Money issued around the War period. We ordered these for a party who could not use them - Now we let you have them for \$.50 a thousand. There are about five different varieties. The printing of these notes would cost more than we are charging for them.

NEW ISSUE OF COINS - either Gold, Silver or other Metal from all over the world are what we are supplying to regular clientel. Do you want to be added to our list? Most always we have the coins as soon as they may be issued and can be obtained in this country. In the course of a year our staff practically covers the United States and sometimes Europe. Would you like to see one of our men who may be over your way? Let's hear from you and see if we can make connections.

We have accumulated some GOLD DOLLARS and THREE DOLLAR GOLD PIECES which are not quite up to condition of our regular stock. We are therefore pricing them very cheaply, for quick sale. - Gold Dollars, holed or engraved \$1.00 - Gold Dollars, a little better grade \$1.25 - Gold Dollars, a still better grade \$1.50 - Three Dollar Gold Pieces \$3.75.

TAKE NOTICE!

When making up our bulletins, we try to entail therein a list of the coins we think you want, but being only human we err in our judgement. If you have any suggestion to make or if there are any coins that we have not listed in our previous bulletins and which you would like to have, please let us know and we shall gladly add them in one of our next issues.

We are rather disappointed in the number of replies we have received so far for the prizes which we are offering for the best articles written in conjunction with our Coin Bulletin.

However, there is still time for all to enter this contest. If you feel you are able to write an article of this character why not do so, not only for the inducements offered but for the recreation and pleasure you will obtain therefrom.

We feel that a great many more coin collectors would be created throughout the country if one and all would only take an active interest in starting Coin Collecting Clubs. I have learned from recent observation that if one person would get in back of a Coin Club, there would be little or no difficulty encountered where there is a population of 50,000 or more, in organizing a club of this character.

Particular attention in this respect should be applied to the high school students and the young boys in the higher grades of the Grammar School.

RARE COINS AND INVESTMENTS

It has often been asked of us whether a collector could realize on the coins he purchased the money he had so invested. Let us answer this query from our own personal experience.

Some years ago one of the members of our staff bought a coin from a dealer in New Haven, Conn., for which he paid \$5.00. This price seemed rather high at that time, but if he decided to sell this coin today he could readily obtain from a dealer \$15.00 or \$20.00 for it. Thus, while a collector is enjoying his hobby at the same time as a rule, the coins are enhancing in value, which cannot be said of a great many other hobbies.

THE FOLLOWING ARE EXTRACTS FROM LETTERS RECEIVED BY US DURING THE PAST MONTH:

"....I was well pleased with the books and was somewhat surprised to find the "Coins of the Americas" put up so neatly. It is so much nicer than the general run of such catalogues or books...." E. T.

"....The coins mailed me on April 18th reached me today and I am very much pleased with them. The coins of your own selection are very satisfactory. I also find that your prices are much lower than other companies...." H. E. R.

Dear Sirs:-

I have your letter of May 26th. I am not collecting new issues but have bought a certain number of coins struck in "new" countries that have been established since the War. There are still a few of these I should like to have and would be glad if you would send them to me on approval, as follows:-

Syria (French Mandate) Banque de Syrie. 1921
French Morocco, 1921

My collection of United States Patterns is about as complete as I care to make it. I should be glad to have a Pattern Trade Dollar in white metal of 1873, Adams' numbers 1334 or 1335. There are a few other ends which I should be glad to get from time to time and I enclose a list of some of them.

Dear Sir:-

I have your letter of October 17th.
The difference in amounts seems to be due not to
a mistake on your part but a possible mistake on
the part of Mr. Adams who left with me the enclosed
letter which I am sending. You will see by that
that the 1925 Salvador 20 colones is priced at
\$100.00. On checking up I find that the
envelope in which it was was marked \$250.00. If
this latter amount is correct I should be much
obliged if you would let me know. I will either
return the coin or send you check for the additional
amount. Please return Mr. Adams' letter to me
as I wish to keep it for my files.
